

## CB2A

 Rail Mounted Terminal Blocks  
(35mm Aluminum Rail)

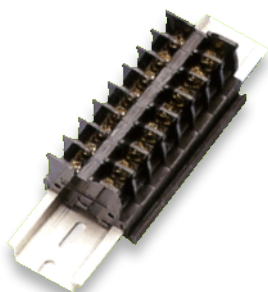

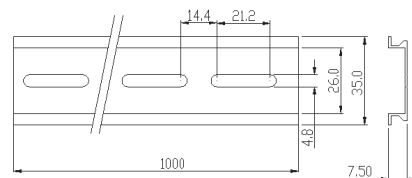

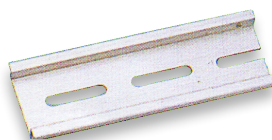

|                     |                      |
|---------------------|----------------------|
| Product Type        | 軌道式端子台(35mm鋁軌)       |
| Electrical Rating   | 10A~200A, 600V       |
| Housing Material    | PC, Black            |
| Terminal            | Brass, Nickel Plated |
| Screw               | 鐵鍍三價鉻鋅               |
| Working Temperature | -40°C to +105°C      |
| Number of Poles     | 由客戶端自行組合所需電極數量       |

## CBB-B/35mm鋁軌檔片 35mm Rail PC stopper

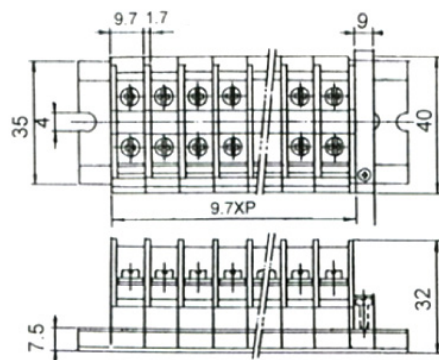

## CBA-35-1M/鋁軌(35mm) 35mm Din Rail

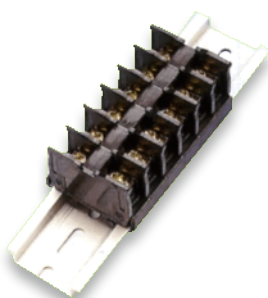

### CB2A-10A

| Electrical Rating | Pitch (terminal to terminal) | Screw     |
|-------------------|------------------------------|-----------|
| 10A, 600V         | 9.7mm                        | Steel, M3 |

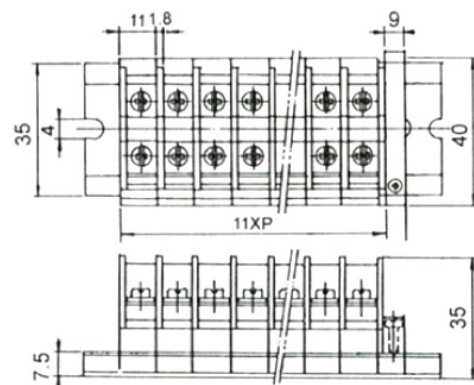

Unit:mm

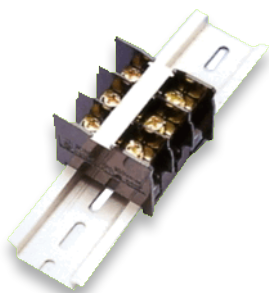

### CB2A-10A

| Electrical Rating | Pitch (terminal to terminal) | Screw     |
|-------------------|------------------------------|-----------|
| 20A, 600V         | 11mm                         | Steel, M4 |

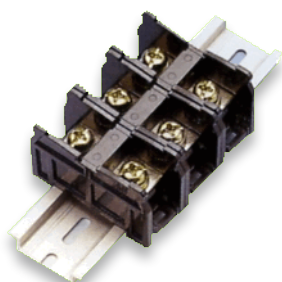

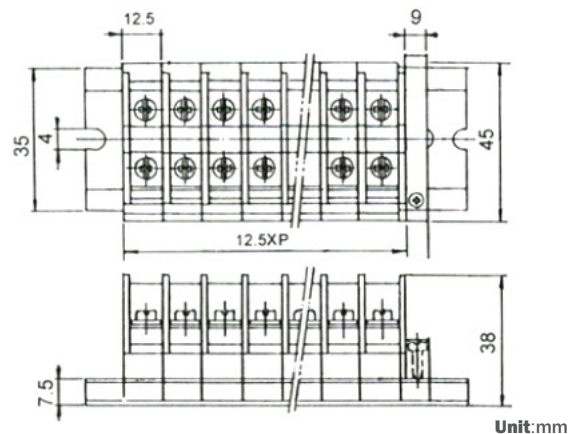

Unit:mm

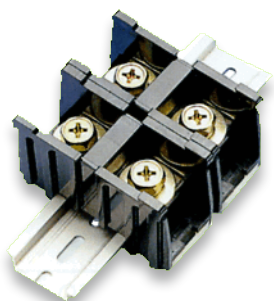

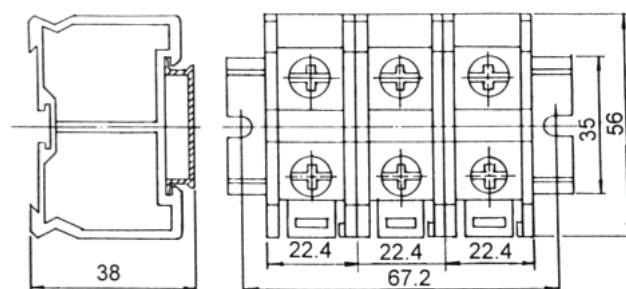

### CB2A-30A

| Electrical Rating | Pitch (terminal to terminal) | Screw     |
|-------------------|------------------------------|-----------|
| 30A, 600V         | 12.5mm                       | Steel, M4 |

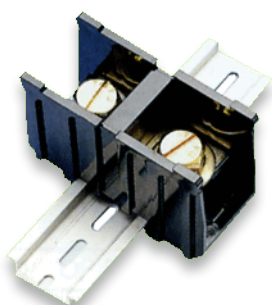

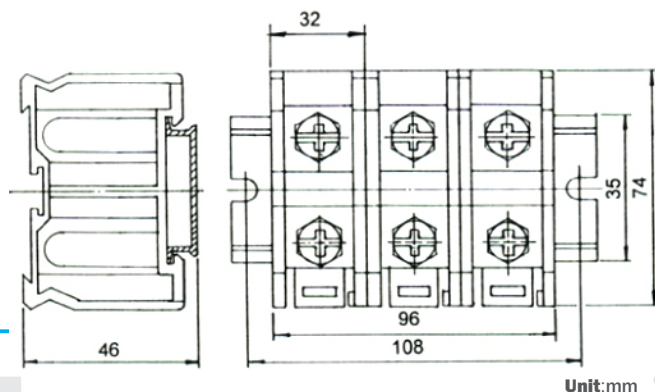

### CB2A-60A

| Electrical Rating | Pitch (terminal to terminal) | Screw     |
|-------------------|------------------------------|-----------|
| 60A, 600V         | 22.4mm                       | Steel, M6 |

### CB2A-100A

| Electrical Rating | Pitch (terminal to terminal) | Screw     |
|-------------------|------------------------------|-----------|
| 100A, 600V        | 32mm                         | Steel, M8 |

### CB2A-200A

| Electrical Rating | Pitch (terminal to terminal) | Screw      |
|-------------------|------------------------------|------------|
| 200A, 600V        | 39mm                         | Steel, M10 |
